COMMENCEMENT SCHEDULE

JUNE 3-9, 1927

Friday, June 3, 8:00 P. M.—Recital, Music Department.

Saturday, June 4, 8:00 P. M.—Senior Class Play (Old College Hall).

Sunday, June 5, 8:00 P. M.—Annual Sermon by Dr. Charles G. Stater,
Clarksburg, West Virginia.

Monday, June 6, 8:00 P. M.—Annual Inter-Society Contest.

Tuesday, June 7, 8:00-10:00 P. M.—President's Reception (President's
Cottage).

Wednesday, June 8, 2:00 to 5:00 P. M.—Exhibits by Departments of Art,
Home Economics, Teacher-Training and Wood-working.

Wednesday, June 8, 7:30 P. M.—Alumni Reunion and Banquet—Classes in
Reunion: 1877, 1897, 1902, 1912, 1917, 1922.

Thursday, June 9, 10:00 A. M.—Commencement Exercises—Address by Dr.
Edward T. Devine, Dean of Graduate School, American University.

ANNOUNCEMENTS

1927-1928

First Semester begins Tuesday, September 13, 1927.

Thanksgiving Recess from Wednesday Noon, November 23, to Monday
Morning, November 28, 1927.

Christmas Vacation from Wednesday Evening, December 21, 1927, to
Tuesday Morning, January 3, 1928.

First Semester ends Friday Noon, January 27, 1928.

Second Semester begins Monday morning, January 30, 1928.

Easter Recess from Thursday Noon, April 5, to Tuesday Morning, April
10, 1928.

Spring Term begins Monday, April 23, 1928.

Second Semester and Spring Term end Thursday, June 7, 1928.

Summer Term begins Monday, June 11, 1928.

Summer Term ends Friday, August 10, 1928.

FACULTY

W. H. S. WHITE, President

Graduate Glenville State Normal School; A. B., A. M., West Virginia University; Graduate Student Johns Hopkins University.

Mathematics, Physics, Chemistry

A. D. KENAMOND, Dean and Director of the Summer School.

Graduate West Liberty State Normal School; A. B. West Virginia University; Graduate Student West Virginia University, Ogden Graduate School of Science, and School of Education, University of Chicago.

History, Economics, Civics

MABEL HENSHAW GARDINER

M. P. L., New Windsor College; A. B., West Virginia University; Graduate Student West Virginia University (Candidate for A. M.)

Rhetoric, Literature

ELLA MAY TURNER

Graduate Shepherd College State Normal School; A. B., A. M., West Virginia University; Graduate Student Cornell University and George Peabody College for Teachers.

Art

ADDIE R. IRELAND

Morgantown High School; Graduate Art Department, West Virginia University; Student Art Students' League, New York City; Student Arts and Technology, University of Chicago.

Commercial Subjects

ETTA O. WILLIAMS, Secretary to the President;

Graduate Washington County High School and Columbia Business College, Hagerstown, Md.; Student Columbia University; B. C. S. Bowling Green Business University.

Latin and Geography

JESSIE TROTTER

Graduate West Virginia Conference Seminary; A. B., West Virginia University; A. M., Columbia University.

History, Economics and Extension

W. R. THACHER

A. B., West Virginia University; A. M., University of Chicago.

Music

MARIE McCORD

Graduate Cincinnati Conservatory of Music; Graduate work at Chicago, New York and West Virginia University.

Supervisor of Teacher Training

FLORENCE SHAW

A. B., Kirksville Teachers College.

Education

I. O. ASH

A. B., West Virginia University; A. M., University of Nebraska; Graduate Work University of California.

Home Economics

MABEL M. HALL

Graduate Ames, Iowa, High School; B. S., M. S., Iowa State College.

Librarian and Registrar

STEWART E. ARNOLD

A. B., Western Maryland College; Graduate work Ohio State University (one year); Chautauqua, N. Y. (5 summer terms).

Physical Education for Women

KATHARINE D. WEVER

Martinsburg High School; Sargent School of Physical Education, Boston.

Agriculture, Preparatory Biology

JOHN NEWCOME, Director of Athletics

Graduate Keyser High School; A. B. Davis-Elkins College; Graduate work West Virginia University.

Supervisor of Teacher Training

EDITH THOMPSON

East Radford State Teachers College, East Radford, Va.; George Washington University; Columbia University; University of Virginia.

Public Speaking

GRACE YOKE WHITE

Morgantown High School, West Virginia University.
Spring Term.**Biology**

WILLIAM H. REESE, D. Sc.

(To begin service September 1, 1927)

Miss Turner, Miss McCord, The President.

CLASS OFFICERS

SENIOR NORMAL

Mr. Ash.

JUNIOR NORMAL

Miss Turner.

SENIOR SECONDARY

Miss Trotter.

SPECIAL SECONDARY

Mrs. Gardiner.

SPECIAL STUDENTS

Miss Williams, Miss McCord.

SHEPHERD COLLEGE STATE NORMAL SCHOOL

HISTORY

Shepherd College dates its founding as a State Normal School to an Act of the Legislature of West Virginia, passed February 27, 1872; but it had its incipency in a classical and scientific school styled "Shepherd College," certificate of incorporation of which is on record at Charleston, January 12, 1872. As an inducement to secure a Normal School here the trustees of this private school offered its building to the State free of charge for use as a State Normal School, which offer was promptly accepted, and work under State control began in September, 1872.

LOCATION

The location of the school is most ideal. Situated in the charming old town of Shepherdstown, nestled on the cliffy crags of the beautiful and historic Potomac which sweeps in graceful curves across the Shenandoah Valley at this point, remarkably free from all insidious fevers and diseases, with a wholesome social and moral atmosphere, an educated and cultured community, comparatively easy of access, it affords unsurpassed attractions and advantages to the earnest student.

The school is located on scenic and historic ground. To the east loom up the fine wooded sides of the Blue Ridge, and to the west those of the North Mountain. The Potomac river flows past the town and affords fine boating and fishing, while on its northern bank is the old historic Chesapeake and Ohio Canal, which, with its canal boats drawn by mules, forms even in this day of railroads an important means of transportation. To the south and north spreads out the broad, beautiful and historic valley of Virginia. Three miles to the north is Sharpsburg and the battlefield of Antietam with its fine monuments and the National Cemetery, while some seventy miles to the south is the famous Luray Cavern. The same distance to the east is Washington, the nation's capital. All of these things cannot fail to leave their permanent impress on the mind of the observant student.

HOW TO REACH SHEPHERDSTOWN

Shepherdstown is on the Norfolk and Western Railroad, which connects with the main line of the Baltimore and Ohio Railroad at Shenandoah Junction, six miles to the south; or with the Western Maryland Railroad at Hagerstown, Md., eighteen miles to the north.

Students who live on or near the Baltimore and Ohio lines will come via that road to Shenandoah Junction, from which point they may come via the N. & W. to Shepherdstown. The connections between these roads

OLD COLLEGE BUILDING

are at times so poor that many who come by that route find it more convenient to drive from Shenandoah Junction to Shepherdstown, it being a comparatively inexpensive drive over six miles of the Shenandoah Valley. Automobiles may be secured at Shenandoah Junction or ordered from Shepherdstown in advance.

Those who live on or near the Western Maryland lines will purchase tickets to Hagerstown, the connection at this point being most excellent at this time, students being able to reach Shepherdstown before night of the same day of starting from points as far distant as Elkins. This is decidedly the best route for all to whom it is accessible.

Students from Pendleton, Grant and Hardy counties, and neighboring districts, can take the Hampshire Southern road at Petersburg and Moorefield and intermediate points and make connections at Romney and Green Spring with trains east on the Baltimore and Ohio road. Some coming from the South Branch Valley change at Hancock to the Western Maryland for Hagerstown, where direct connection is made with No. 27, reaching Shepherdstown at 4:52 P. M.

As will appear from the above, Shepherdstown is not an inaccessible place, as is sometimes supposed by those who live in the Trans-Allegheny portion of the State. It can be reached in a single day from all railroad points in a large majority of all the counties of West Virginia.

TRANSPORTATION FACILITIES

The latest available time tables show the following schedules on the railroads:

N. & W. South

No. 27—Hagerstown, 4:20 P. M.; Shepherdstown, 4:52 P. M.

No. 13—Hagerstown, 7:35 A. M.; Shepherdstown, 8:06 A. M.

No. 9—Hagerstown, 11:00 A. M.; Shepherdstown, 11:32 A. M.

N. & W. North

No. 14—Berryville, 7:36 P. M.; Shenandoah Junction, 7:04 P. M.; Shepherdstown, 7:20 P. M.

No. 28—Berryville, 8:39 A. M.; Shenandoah Junction, 9:22 A. M.; Shepherdstown, 9:35 A. M.

No. 10—Berryville, 1:26 P. M.; Shepherdstown, 2:30 P. M.

Western Maryland East

No. 10—Elkins, 7:10 A. M.; Davis, 7:30 A. M.; W. Va. Central Junction, 11:18 A. M.; Cumberland, 12:00 M.; Hancock, 2:00 P. M.; Hagerstown, 3:00 P. M.

B. & O. East

No. 32—Cumberland, 6:15 A. M.; Martinsburg, 9:00 A. M.; Shenandoah Junction, 9:31 A. M.

Nos. 38 and 8—Terra Alta, 9:20 A. M.; Cumberland, 12:25 P. M.; Green Spring, 12:45 P. M.; Martinsburg, 2:19 P. M.; Shenandoah Junction, 2:57 P. M. (special stop).

No. 34—Cumberland, 3:00 P. M.; Green Spring, 3:35 P. M.; Shenandoah Junction, 6:37 P. M.

Hampshire Southern North

No. 66—Petersburg, 8:00 A. M.; Moorefield, 9:05 A. M.; Romney, 11:20 A. M.; Green Spring, 12:15 P. M.

Improved West Virginia Highways now lead to Shepherdstown from Franklin, Petersburg, Moorefield, Romney and all western points in the State.

CONDITIONS OF ADMISSION

Secondary Course—Students applying for admission to the Secondary Department must have completed three years of high school work. This rule is not intended to apply to those who have taught or to mature students more than twenty-one years of age, for whom classes are arranged.

Normal Course—Admission to the standard normal course will be based upon graduation from a standard high school which according to the new rules of the State Board of Education means the completion of fifteen standard units with four units of English, one unit of American history, one-half unit each of Civics and Arithmetic. Applicants must have attained the age of sixteen years, since a teacher's certificate can not be issued in West Virginia to persons under eighteen years of age.

Short Course For Teachers—Admission to this course is the same as for the Standard Normal. To complete the course requires 22 semester hours of college and 10 hours of professional work.

CREDIT FOR WORK DONE ELSEWHERE

Credits will be given students for satisfactory work done in other Normal Schools of the State, and also for work completed in such high schools, academics, seminaries, etc., as will seem, in the estimation of the committee to deserve accredited standing, or are accredited either by The Southern or North Central Associations. Before receiving such credit students must present a written statement from such schools, signed by the principal or superintendent, setting forth in detail the work satisfactorily completed there.

These credits should be sent before the student's entrance to the President or to Dean Kenamond, Chairman of the Committee.

Credit from classified high schools in West Virginia will be accepted unit for unit, provided the work has been done according to the plan laid down by the State Board of Education, but not more than sixteen units of

credits will be thus accepted. Graduates of high schools of the first class offering four years of standard work, will thus be admitted to the Junior year of the standard Normal Course, or they may complete the Short Course the first year and return for Spring and Summer terms, after teaching, and complete the standard Normal Course.

Credit for Fifth Year Normal Training High School Work

The State Board of Education permits the granting of a maximum credit of 20 semester hours of collegiate work to students who have completed the fifth year of a normal training high school course prior to July 1, 1926.

HOW TO ENROLL

The student upon arrival, should come to the President's office, fill out a card enrolling and pay the fees. If any work has been done elsewhere, credits should be presented to the above named committee on entrance, who will include in a general way the classification of the student. Mature students who lack sufficient credit for Senior Secondary standing will present themselves to Mrs. Gardiner, Senior Secondary to Miss Trotter, Junior Normal, Miss Turner, Senior Normal students to Mr. Ash. These teachers will be found in their regular classrooms and will assist the student in making out programs of work.

AMOUNT OF WORK TAKEN

Thirty-six semester hours for the year is the maximum amount of work allowed. Thirty-two hours will usually prove sufficient for the average student. In the secondary work for adult students, the maximum is 5 units for the year. The student's first semester's work will be restricted to 16 hours.

MARKING SYSTEM

Final credit grades are reported in per cent with 70 as the passing grade.

Failure is given no percentage grade, but simply marked **F**.

A course not completed due to absence from examination, or requiring additional or special makeup work or second examination, is reported **Inc.**, meaning incomplete.

A course reported incomplete (**Inc.**) must be made up or completed by the student according to the following schedule:

Courses closing at end first semester not later than March 10.

Courses closing beginning Spring term not later than May 20.

Courses closing end second semester or Spring term not later than July 10.

Courses closing end Summer term, 6 or 9 weeks, not later than September 20.

Courses not made up by the time scheduled automatically become failures and are so recorded.

TUITION

The State Board of Education has adopted the following fees: All students pay an enrollment fee of \$7.50 a semester or \$15.00 a year. The tuition for students enrolled in the Secondary Course is \$22.50 a semester or \$45.00 a year. Under the school law of the State, Boards of Education in districts not maintaining classified high schools are required to pay this fee. Consequently, Secondary students coming from districts where no high schools are established will not pay the tuition fee as the bill will be sent directly to the Board of Education in their district for collection. Non-resident students are required to pay \$10.00 a semester in addition to the above.

For the spring term the fee is \$5.00.

The Summer School fee is \$9.00.

EXPENSES

Board and Room.....	\$180.00 to \$205.00
Books and Stationery.....	10.00 to 20.00
Laundry	20.00 to 30.00
Tuition	15.00 to 60.00
Student Organizations	1.00 to 4.00
	<hr/>
	\$226.00 \$319.00

To this should be added traveling and incidental expenses, which will vary with the distance traveled in coming to the school, and the personal habits and inclinations of the student.

STUDENT LOAN FUND

A few years ago a student loan fund amounting to about \$150 was contributed by alumni of the school, and several worthy young people have already been aided. The class graduating in 1917 invested \$100 in a Liberty Bond, and the faculty at the same time invested \$50, both contributing thus to the loan fund. Since that time the contributions have been increasing in number until the fund now approaches \$500.

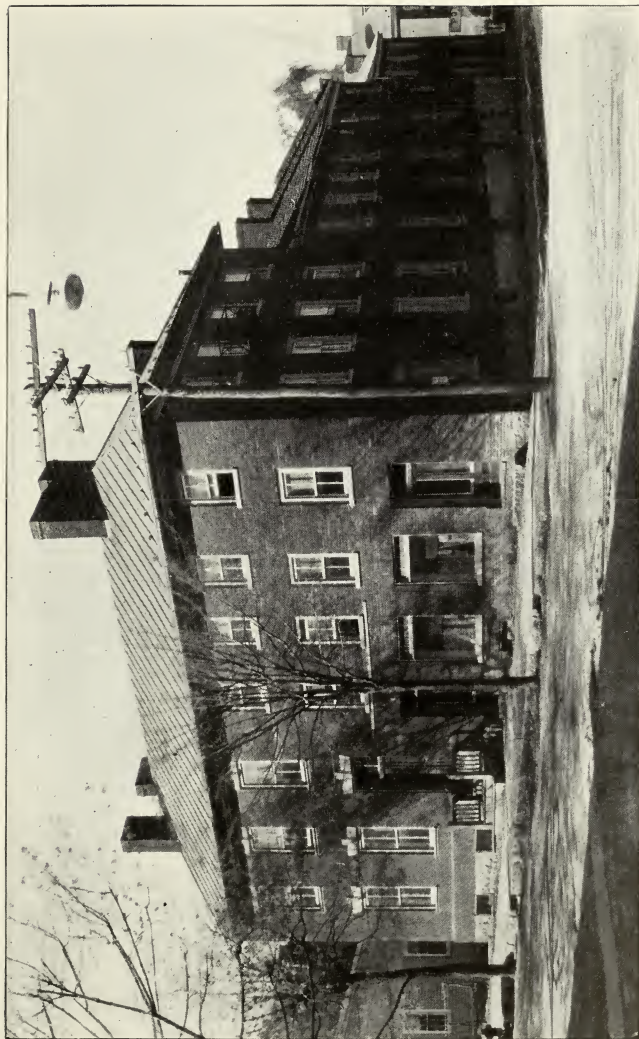

The fund is in charge of W. H. S. White, President of the school and ex-officio chairman of the loan committee; Ella M. Turner, member of the Faculty and alumna; and Mrs. M. S. R. Moler, president of the alumni association. Applications for loans from the fund should be made to the President of the school.

CLASS OF 1926 MEMORIAL SCHOLARSHIP FUND

The class of last year left \$150 as a class fund which is to supplement the Student Loan Fund.

Last year students were loaned \$1,400 from the W. Va. Knight Templar Student Loan Fund. This is a great boon to deserving students. The amount is limited to \$200 a year to each student.

The Y. W. C. A. contributed \$50.00 to the Fund in 1927. Miss Ella M. Turner also made a contribution of \$50.00.

MEN'S DORMITORY

BOOKS

Students will do well to bring with them any books they may have, but should not purchase new books until they have enrolled and been assigned to their courses.

Students of the more advanced classes frequently have second-hand books for sale at from three-fifths to four-fifths of the original cost.

New books may be secured from the College Book Store.

GENERAL STATEMENT

The people of West Virginia are awake to the value of the trained teacher. This is evidenced by the Certification Law of the State. The law differentiates certificates by designating six different grades. College, Standard Normal, Short Course, First, Second and Third, each with the minimum salary to begin, of \$110, \$100, \$90, \$85, \$65 and \$50.

Shepherd College State Normal School desires to be of service to teachers and prospective teachers in any way possible toward the attainment of the highest efficiency in the service. The institution invites you to consider its advantages—the excellence of its faculty, its equipment, the opportunities afforded by it and its community for quiet study and wholesome student life, its convenient and healthful living facilities and the unusually low cost at which all these advantages may be had.

The rural schools of the State are now receiving the attention they deserve. It has been determined by those in authority to make equalization of opportunity in towns and country a fact. Rural one-teacher schools under the new law are standardized and classified into first and second class rural schools. Normal School graduation will undoubtedly be required for teaching in these schools.

In view of the fine promise ahead for the profession of teaching, we feel justified not only in encouraging but in urging young men and women to prepare themselves for a real public service to their communities and their State.

BOARDING

Dormitory—So far as the accommodations allow, girls without friends or relatives in town will room and board in the dormitory. All young women desiring a room should write Mrs. Mary K. Cavalier, and young men Mrs. Edith P. Osbourn. The rate has been fixed at \$5.00, \$5.25 and \$5.50 per week, according to location of room.

All the bed linen and toweling for the dormitory rooms are furnished by the State, but each student is requested to bring a pair of woolen blankets for the bed and also one small rug suitable for use before the dresser or study table or bed, also bathrobe and bedroom slippers.

Private Families—Many of the best homes in the town accommodate student roomers and boarders. Girls who fail to secure places in the

dormitory take advantage of the privileges, and men also find accommodations with private families, where they seem to be well satisfied with their treatment. Board and room with private families varies from \$6.50 to \$8.00 per week.

The President has jurisdiction over these boarding places, and persons who keep student boarders are required to enforce any regulation in reference to the conduct of students in their homes which he may from time to time find it necessary to prescribe.

Students are assisted in finding suitable boarding places by the President and by the Y. W. C. A. and Y. M. C. A. of the school.

RELIGIOUS INFLUENCES

It is not to be supposed because this is a State school and in no way connected with any religious denomination or sect that it encourages any the less character building and religious living. On the contrary, it is often found that the moral and religious atmosphere that pervades State schools such as this is in every way wholesome and as conducive to upright Christian living as that of schools which are under the denomination of some religious sect.

Students are expected to attend at least one service each Sunday in the church of their choice. Shepherdstown has most excellent advantages in this regard, there being no fewer than seven churches having regular service, presided over by a clergy of unusual ability for so small a town. Students are welcomed to their services by both pastors and congregation and find here a pleasant church home. Most of the students are active workers in the Sunday Schools and Churches, as are also members of the Faculty, most of whom are active members. In 1926-1927, 100% of the young women were members of the Young Women's Christian Association.

SOCIAL DIVERSIONS

Social diversions of a pleasing and cultural character are not lacking at Shepherd College. Receptions are given each year by the Faculty and the various student organizations. All of these functions are given under proper supervision and they do much toward bringing about that cordial and sympathetic relationship between faculty and students that is so characteristic of this school.

JUNIOR COLLEGE COURSE

For the Preparation of High School Teachers, Principals and School Administrators

This Course embraces the first two years of work for the A. B. or B. S. degree. It is designed for students who wish to complete their college degree in preparation for work in high schools or supervision and administration. This school is accredited by the American Association of Teachers Colleges as **A Junior Teachers College**. The work is fully accredited by West Virginia University, Bethany College, West Virginia Wesleyan and other Standard Colleges and Universities.

EQUIPMENT

BUILDINGS

The school has now five large and commodious buildings in which to carry on its work. The oldest of the five is the original Shepherd College. This was transferred by perpetual lease to the Board of Trustees of Shepherd College by Shepherd Brooks, Esq., of Boston. This Board, which is a self-perpetuating body, put the building at the State's disposal for normal school purposes at the school's first founding; and it was the sole home of the school continuously until 1897, when the school occupied a new building erected just north of the College, which was destroyed by fire in the spring of 1901. The "Old College" is now used as a music hall and is also headquarters for the literary societies. It contains six commodious rooms.

Adjoining the above is Shepherd College Hall, or Town Hall, which was erected in 1889 by the citizens of Shepherdstown and was put at the disposal of the school. It was used until recently for commencement exercises, lectures, receptions, etc., and was the place for holding chapel exercises. It is now used for theatricals.

The new Shepherd College building was completed and first occupied in the spring of 1904. It is thoroughly modern and well appointed. The basement contains a large gymnasium, lavatories, toilet rooms, a manual training shop and laboratories for biology and agriculture, and home economics. The first floor contains the President's office, general office, study hall, library, cloak rooms and six commodious class rooms. On the second floor are found a fine auditorium, with seating capacity of about seven hundred, five class rooms, Y. M., Y. W. C. A., etc. This building, as also the other, is heated by hot water. The boiler-room is a short distance from the main structure. Water for lavatory and other uses is pumped from a cistern to all parts of the building. Water for drinking purposes is supplied from a good well. The building is lighted by electricity. The grounds have been beautified by the planting of trees, shrubbery and flowers.

THE GYMNASIUM

In a climate like ours, where much of the year the weather is unfit for out-of-door sports, it is essential that schools have gymnasiums of dimensions adequate to admit of various indoor games and exercises, and equipped with all needed appliances for the development of the physical man. Shepherd College possesses such a gymnasium, in its new Physical Education Building. It has ample room for basketball, tennis and indoor baseball, and is used continually by the students. Physical Education classes are held in this building and are open to both sexes.

MILLER HALL

Just two squares from the main building a three-story Colonial dormitory has been erected. It is modern in every detail and offers advantages that have been demanded by our patrons for some years. The dining room with a capacity of one hundred or more, laundry, kitchen, serving room and the heater room are on the first floor. On the second floor are a large reception room, a rest room, library and nine bed rooms 15 x 12. Each bed room contains two closets with shelves and lavatory with hot and cold water. Bath room and lavatories are found at each end of the corridor. The third floor contains thirteen bed rooms, a hall and lavatories. The east, north and south sides have porches. Mrs. Mary K. Cavalier is the matron. All inquiries concerning rooms should be addressed to her or to the President of the school.

MEN'S DORMITORY

The Men's Dormitory in the center of town is of red brick, contains nineteen bed rooms, two reception rooms, and is equipped with bathrooms, lavatories, electric light and steam heat. All meals are served in the dining room at Miller Hall.

Mrs. Edith P. Osbourn is matron at the men's dormitory. Reservations may be made by applying directly to her or to the President.

LABORATORIES

The Biology and Agriculture Laboratories occupy two rooms equipped to meet increasing needs growing out of the enriched curriculum. They are plumbed for water and furnished with biological tables accommodating twenty-four students at one time. Each table is supplied with a student's dissecting microscope, and each group of eight students has access to a splendid Spencer microscope magnifying above 400 diameters. An excellent collection of zoological specimens has been made and a school garden on the ground offers opportunity for illustrative work.

The Chemistry Laboratory has accommodations for sixteen students at one time, and is equipped with all necessary chemicals and apparatus for standard work in first year college chemistry. A blau gas system recently installed renders the heating the same as with natural gas.

The Physics Laboratory is well supplied with demonstration apparatus. There are three physics tables and three complete sets of apparatus for individual experiments.

The Domestic Science Department is fitted up with an electric range, an oven, tables for twenty-four students, and all necessary culinary apparatus for individual and group work. For Domestic Art six Singer sewing machines and several cutting tables are provided.

The Manual Training Department is supplied with a band saw and a hand jointer, both operated by electric motor. Twelve students may work at one time at the tables, which are provided with the usual tools.

PHYSICAL EDUCATION BUILDING

Numerous geological specimens, maps, tellurians and charts meet the needs of Geography for illustrative teaching. A mounted skeleton, plaster casts and models are valuable aids to the Physiology classes.

The school owns 12 typewriters of the Remington and Underwood makes, and 10 of these are used for instruction purposes exclusively.

LIBRARY

The library occupies a handsome and exceptionally well-lighted room adjoining the study hall. It is open from 8:30 A. M. until 5:00 P. M. every school day, and from 9 A. M. to 12 M. on Saturdays. Books may be taken out and kept not exceeding two weeks. It contains over 7,000 well-selected bound volumes and several hundred pamphlets, periodicals and magazines. The library is used also as a reading room, and on tables and racks may be found about seventy of the best current magazines, periodicals and newspapers.

RULES AND REGULATIONS

The following rules have been adopted by the State Board of Control:

1. No person shall room in the dormitory who does not board there.
2. No student who is not a resident of the State of West Virginia shall room in the dormitory.
3. The rates shall be as follows:

Board, per week.....	\$4.50
Front rooms, per week, per person.....	1.00
Rear rooms, per week, per person.....	.50

Each application for dormitory accommodations must be accompanied by a fee of \$5.00 which will be applied toward payment of dormitory fees.

The State Board of Education has ruled that all students shall stay at the dormitory if there be room therein, unless excused by the President upon the written permission of the parents. The rules and regulations for the government of the dormitory are designed to meet the intellectual, social and moral needs of the students and are rigidly enforced. Any student who steadfastly refuses to conform to the regulations shall be dismissed from the school. No deductions are made on account of absence from the dormitories except at the regularly scheduled holiday vacations, and in cases of illness.

STUDENT ACTIVITIES

Parthenian Literary Society—A volunteer organization of students, giving literary programs every Friday afternoon during the school term.

Ciceronian Literary Society—Similar to the Parthenian Society.

Young Women's Christian Association—The regular time of meeting is Thursday afternoon at the dormitory.

Athletic Association—Every student in school is a member of this association by virtue of the fee paid at the time of enrollment each term. In return for this fee the student has free use of athletic equipment and free admission to all games held under the auspices of the association.

Tennis, basketball, baseball and football are the forms of athletics regularly supported, under the direction of one of the best coaches in this section.

The Picket—This school paper now in its thirty-second year is issued twenty times a year by a staff of student editors with the approval and help of the faculty. The class in Journalism offers regular collegiate credit.

County Clubs—Several years ago the students from each of the several counties of the eastern panhandle formed organizations which have been active in increasing fellowship among their own number as well as letting the home folks know through the county newspapers of their activities at Shepherd College.

Forensic Society—The school is a member of the West Virginia Intercollegiate Forensic Association. During the past year intercollegiate contests in debate were held with Potomac State School and Elizabethtown College. A representative was also at the State Oratorical Contest at Clarksburg. Students are awarded gold medals for making the teams for Inter-Collegiate contests.

The Cohongoroota—This school annual is published by the Junior Class each year. It is one of the outstanding publications of the State.

COURSES OF STUDY

PREPARATORY COURSE

Three years of high school work are required for admission to Shepherd College State Normal School. But teachers of experience and others preparing to teach who are at least eighteen years of age, may be admitted, even though they have not completed the high school work, and special classes will be organized to meet their needs.

SHORT COURSE FOR TEACHERS

The Short Normal Course is a one-year course, based upon graduation with 16 units from a First Class High School. The same groups of subjects must be completed in the High School as are listed for the Standard Normal Course. Candidates for the Short Course must have reached the age of 18 years by October first of the year in which they seek to complete the Course.

Those who complete the Short Course receive the Short Course Teachers' Certificate. This certificate is good in all grades of the elementary schools; it is considered a first grade certificate in the payment of salaries; and is valid for three years and renewable for three-year periods, so long as the holder teaches two years in each three-year period, or has done work in a standard normal school, or other school approved by the State Board of Education within the life of the certificate. No diploma is given for this course, but the State Department awards the Short Course Teachers' Certificate. For this course, 32 semester hours are required, 22 of academic and 10 of professional work.

EXTENSION AND CORRESPONDENCE DEPARTMENT

Shepherd College offers a number of correspondence courses through which credit may be earned toward the completion of all courses. Extension classes will be organized in localities not too far from Shepherds-town where there is sufficient demand for such work, and as far as the resources of the school will permit. During the past year classes were conducted in Petersburg, Moorefield, Romney, Berkeley Springs, Franklin, Martinsburg, Charles Town, Bayard and Thomas.

THE STANDARD NORMAL COURSE

The Normal Course is a two-year course for the preparation of teachers for town and city elementary schools, or for rural schools. It may be taken upon the completion of a four year course in high school, or upon completion of the Secondary Course at Shepherd College.

Every Normal Course graduate receives a Standard Normal teacher's certificate good for teaching in any elementary or Junior High school of the State. This certificate is valid for five years, and is renewable, so that it is practically a life certificate. Conditions of renewal are as follows:

All certificates issued for a period of five years (elementary, special, supervisors and high school) may be renewed **ON EXPIRATION** if the applicant has taught three full terms during the life of the certificate and the renewal is recommended by the county superintendent. After 1926 the applicant for **both first and second renewal** of such certificates must earn **SIX SEMESTER HOURS** in an accredited school (by residence or correspondence or pass an examination on two of the state reading circle subjects with a grade of 85%. The third renewal is a **LIFE CERTIFICATE**.

The Standard Normal Course is subject to change to meet the new curriculum to be issued by the State Board of Education during the summer. Changes however will not work to the detriment of students pursuing any course.

College and university credit may be had for the work of Normal Course. Graduates of the Normal Course receive Junior standing at West Virginia University, and at other colleges and universities. By completing the two-year Normal Course a student earns college or university credit of two years and obtains a license to teach, which may be used, if necessary, to earn money to meet the expenses of finishing his college or university course.

REQUIRED GROUPS FOR THE NORMAL COURSE

This course is based upon graduation from a standard first class high school offering 16 units. The candidate for this course must complete the following groups of subjects in the high school or take the equivalent in collegiate subjects in this school:—

1. English, 4 units.
2. Social Sciences, 2 units, which must include at least one unit of American History and Civics.
3. General Science subjects, 1 unit.
4. Mathematics, 1 unit, which must include one-half unit in Arithmetic.
5. Vocational Subjects, 2 units. This group should consist of such subjects as Agriculture, Home Economics, Commercial and Industrial Geography and Commercial work.

Required Work

Of the 64 semester hours required for the Normal Course, the following groups are specified:

1. Special Methods, 6 semester hours. This must include methods in reading and number work.

2. Observation and Directed Teaching, 4 semester hours.
3. School Hygiene and Sanitation, 2 semester hours.
4. Not more than 10 semester hours in addition to the above must be taken in theory courses, as outlined under Educational Subjects.
5. In the 44 hours of academic work, 4 hours must be chosen from Art 51 to 52, 4 hours in Sight Singing and 3 hours in Physical Education.

Residence Requirements for the Standard Normal Diploma.

All candidates for the standard Normal Diploma are required to have completed the work of at least one year in this school, 24 hours of which must be done in residence at the school. The previous work must have been done in a school of collegiate grade.

REQUIREMENTS FOR SHORT AND STANDARD NORMAL COURSES

The following regulations will govern all courses for the school year, 1927-1928.

I. Entrance Requirements

1. The present requirements from a first-class high school for graduation as fixed by the West Virginia High School Course of Study will be recognized for college entrance to West Virginia Normal Schools and Colleges.
2. The entrance requirements to the State Normal Schools and Colleges shall be uniform as to the amount of work and the grouping of subjects.
3. Students will be admitted to the State Normal Schools and Colleges on presentation of 15 units of High School credit, if the applicant is a graduate.

II. Resident Work

1. The term "Resident Work" shall be interpreted to mean either—
 - (a) Work done on the campus of the institution, or
 - (b) Work done under conditions that in the opinion of the faculty give the student approximately the same institutional privileges and influences as are afforded to students in regular attendance in residence, or
 - (c) Work done in a school organized by the institution away from the institutional campus when at least half of the members of the institutional staff are members of the faculty of the institution.
2. The minimum amount of resident work required for graduation in the Standard Normal Course, shall be 24 hours, with at least 8 additional hours done in Extension from the institution in which the student is to be graduated.

III. No Advance Credit for Work of High School Grade

1. Work done in a high school or other institution before the completion of a standard four-year high school course shall not be credited for advanced credit in the State Normal Schools and Colleges:

IV. Limits on Credit for Professional Work

The minimum and maximum of professional work in the courses listed below shall be indicated:—

- (a) The Standard Normal Course, maximum 20 hours.
- (b) In the Short Normal Course, maximum 10 hours.

V. Recognition of Credits

1. Work done in any State Normal School, College or University shall be credited hour for hour, by any other normal school, college or university, of the State, subject to resident, graduation and special requirements on account of membership in any approved association of colleges or universities.

2. Credit for summer school work shall be evaluated and recognized on the same basis as that used for giving credit for work done in the regular school year, that is, 18 recitation hours equal one semester hour of credit.

VI. No Credit for Teaching Experience

After July 1, 1927, no credit for teaching experience will be allowed toward the completion of any course; but this regulation will not affect any student's credit already on record. However, this credit will not be certified to any institution which the student may hereafter enter.

VII. Credit on Teacher's Certificate

1. On an elementary certificate earned in the Uniform Examination, one-half unit of high school credit may be allowed on each of the following subjects in which the applicant has received a grade of 85 per cent or more: Reading, Grammar, Arithmetic, Physiology, United States History, Geography, Agriculture, Civil Government, Theory and Art of Teaching, State History, Bookkeeping, Ancient History.

2. Credit for a subject on a teachers' certificate cannot be allowed if the student has already received credit for identical or similar work.

3. Credit given on Reading and English Grammar on account of a teachers' certificate can be substituted only for first year high school English.

VIII. Credit on Reading Circle Books

1. A person who has made a grade of 85 per cent on any approved subjects of the Reading Circle Course by state examination may receive credit as follows:

- (a) On a high school course, one-fourth unit in each subject.
- (b) On a normal school course, one semester hour on each subject.
- (c) No student shall be allowed more than 2 units of high school credit or 6 hours of college credit for Reading Circle courses. If credit is given on both high school and college courses, the total shall not amount to more than the equivalent of the maximum allowed for either one.

IX. Extension Classes

1. In Extension Classes conducted by members of the faculty of the institution, the conditions and standards of work should be, as far as possible, the same as required in resident classes.

2. A State Institution may recognize extension classes taught by persons not on the regular faculty under the following general conditions:

(a) The instructor must hold the degree of Master of Arts or have equivalent training in the subjects taught.

(b) He must be approved by the head of the institution's department in which the work is to be credited.

(c) A person regularly engaged in school work may conduct not more than one two-hour course a semester.

(d) The student must be on the same scholastic level as are students doing similar work in the institution.

3. Credit for work in extension classes shall be given on the general basis of 18 recitation hours for one hour of credit.

X. Correspondence Work

1. Credit for correspondence courses shall be given on the general basis of 54 hours of study for 1 hour of credit, and a final examination shall be given by some person designated by the institution offering the course.

2. The total amount of correspondence work that may be accredited on any course shall be as follows:

(a) In the standard normal course, 12 hours.

(b) Short Normal Course, 8 hours.

3. The total amount of **correspondence and extension** work that may be accredited on any course shall be as follows:

(a) In the two-year normal course, 16 hours.

(b) In the short normal course, 8 hours.

XI. Credit For Extension Work Limited

1. The total amount of extension work (including correspondence work) that may be done during one term of teaching shall not be more than 8 hours, not more than 6 of which may be in correspondence work.

XII. Temporary and Equivalent Certificates

1. Beginning with 1926 the requirement for the first-grade temporary certificate shall be 18 weeks of work in residence and at least 16 hours of credit in addition to high school graduation.

2. After July 1, 1927 normal equivalent certificates will be issued only to teachers of ten or more years experience. All others must meet the residence requirements.

EXPLANATION OF TERMS

A unit consists of one subject for at least five periods per week for thirty-six weeks in secondary or short courses; and four hours per week in work of college grade.

An hour consists of one hour recitation with two preparation hours per week for eighteen weeks. Two laboratory or shop periods per week equal one hour's work. Thirty-two hours a year is standard. Not more than 36 hours can be carried. Periods are 50 minutes in length.

Program means the daily scheme of work.

SUMMER SCHOOL

A Summer School for teachers and those expecting to teach was first instituted here during the summer of 1907. The experiment proved so successful that a similar school was again instituted in the summer of 1908. The twentieth annual summer school was opened June 13, 1927 with the largest faculty and enrollment in the history of the school. The length of term is nine weeks. With the increased length of the public school term in West Virginia, the Summer School is destined to become more and more important.

A wide and expanding range of subjects is being offered each summer, and the future is full of promise for wonderful opportunities for every teacher and prospective teacher who has not completed a full standard normal school course. Those who are interested in summer school work for next year should notify the President, or A. D. Kenamond, Director of Summer School, early in the spring of 1928.

EXTENSION AND CORRESPONDENCE STUDY

During the past six years this school has offered several courses by correspondence. This is a method by which students knowing how to study may do some work toward graduation while out of school. The scheme is devised to encourage worthy students only and does not contemplate the mere reading up of a subject to take the chances on an examination. Definite suggestions, directions and questions are worked out in typewritten form and mailed to the student a lesson at a time. The teacher requires written reports on each lesson. One-half unit course will usually require the spare time of a teacher, or other person actively engaged, for a period of five months.

The fee for a correspondence course is \$10.00 for each half-unit or 2 hours credit.

MILLER HALL

See special regulations of State Board of Education as to the maximum amount of credit that can be earned in this department.

During the year 1926-1927 more than three hundred persons were regularly enrolled for credit in this department, and did a high grade of work.

Both secondary and college credit was earned in these classes.

Courses are offered by members of the regular faculty through the Extension Department. Prof. W. R. Thacher is the Director of Extension. A special bulletin is issued and will be sent upon application.

ABSENCE FROM CLASSES

Students who are absent from classes may secure excuses at the President's office. If no excuse is granted a deduction of 2% is made from the final grade. If a student has been absent 15% of the class periods for any cause, no grade can be given without permission by the Committee on Classification and Grades.

3 hr " " 8, 10

OUTLINE OF WORK BY DEPARTMENTS

All courses in this catalogue numbered I to X are preparatory subjects. Those numbering 50 to 100 are given for collegiate credit.

AGRICULTURE

MR. NEWCOME

Animal Husbandry—Breeding and care of domestic and farm animals. Credit—One-half unit. Mr. Newcome.

General Agriculture—This course is primary and extensive in its nature. It is aimed to get a general view of the entire subject in all its various phases. This course is frequently offered both semesters.

Text: Gehr's Principles of Agriculture.

Credit—One-half unit or three hours.

52. Horticulture—A course in Fruit Growing dealing with the scientific and practical side of commercial and home fruit plantations. The college orchard and those in the vicinity are used for demonstrational work. Given last half of year.

Text: Sears' Productive Orchardng.

Credit—Three hours.

53. Entomology—This course considers especially the insects favorable and injurious to crops and plant life.

Text: Sanderson and Jackson.

Credit—Three to four hours, depending upon the time of the year the course is offered.

ART

MISS IRELAND

CERTIFICATE OF PROFICIENCY IN ART

To those possessing special talent in drawing, a Certificate of Proficiency in Art will be given provided they hold the Standard Normal Diploma and have completed not less than 24 semester hours in Art, 6 hours of which must have been in Art 51 and 52. This course should enable a student to qualify for the special certificate to teach or supervise art in the public schools.

PREPARATORY COURSES

ART I—Introductory art for beginners. A general introductory course for beginners covering the work usually done in the grammar grades, and designed to prepare them for illustrative and constructive work

in connection with public schools. It includes freehand perspective, plant, animal and figure drawing in pen and pencil outline, mass and color; also construction and constructive drawing.

Credit—One-half unit or 3 hours.

ART II—Pictorial representation, perspective drawing, figure and animal.

Credit—One-half unit or 3 hours.

COLLEGIATE COURSES

ART 51—Art in the school room. This is a course of training in art designed to meet the needs of grade teachers.

Text—Principles and Practice of Elementary Drawing.

Required of Standard Normal students. Credit—Three hours.

Any student who fails to pass on 50% of the work carried in any semester will not be permitted to enroll the following semester without permission of the Committee on Classification.

ART 52—Projects in handwork and decoration suitable for the school and home. Art 51—Prerequisite.

Credit—Three hours.

ART 53—Commercial Art. To be applied to posters and school publications. This course will include lettering and the cartoon, color harmony and a study of the principles of unity, balance and harmony as applied to the book.

Mediums used are pencil, color pen and ink.

Credit—Three hours.

ART 54—Applied Design. The topics are principles of design, rhythm, balance and harmony as applied to the crafts; paper and cardboards construction; leather and china.

Credit—Three hours.

ART 55—Principles of Design and its Application to the home. The course consists of talks, class discussions and some drawing. A study of color in relation to the house and dress. Furniture as regards utility construction, period styles. Framing and hanging pictures.

Credit—Three hours.

ART 56—Art Appreciation. The purpose of this course is to acquaint pupils with masterpieces of architecture, sculpture and paintings that are recognized by competent judges and to interest them in American art. Description meaning and history of pictures are features, but the aim is the study of art form. Art history by periods will be considered with a special study of the art of Washington, D. C.

Credit—Three hours.

ART 58—Mechanical Drawing. Designed for Junior college students who may plan for Math., Home Economics, Architecture or Engineering.

Credit—Three hours.

COMMERCIAL WORK

MISS WILLIAMS

Accounting 51—A study of bookkeeping as applied to the Retail Grocery Business owned by an individual and known as Single Proprietorship. This is, of course, the least complicated form of business organization. In this set the student is employed as bookkeeper on a given salary. He audits incoming business papers and prepares outgoing papers such as checks, bills, notes and drafts. He makes endorsements, deposits funds with the bank, and proves cash, besides the recording of the daily transactions in the Purchases Book, Sales Book, Journal and Cash Book. There are three fiscal periods in the set at the end of which the pupil completes his postings, takes Trial Balances, prepares his Balance Sheets, Profit and Loss Statements and closes the Ledger.

Accounting 52—In this set the pupil studies bookkeeping as applied to the Retail Grain and Feed Business, owned by two individuals and known as a partnership. It is intended to follow Semester I and gives further practice in the classification of accounts and the recording of business transactions. It presents account with partner, fixed assets and reserves, trading accounts, operating expenses, adjusting entries at the close of the fiscal period, special sales book, purchases book and cash book, special business forms and important general information.

Text: 20th Century Bookkeeping and Accounting, James W. Baker.

Credit—One unit, five periods each week.

Accounting 53

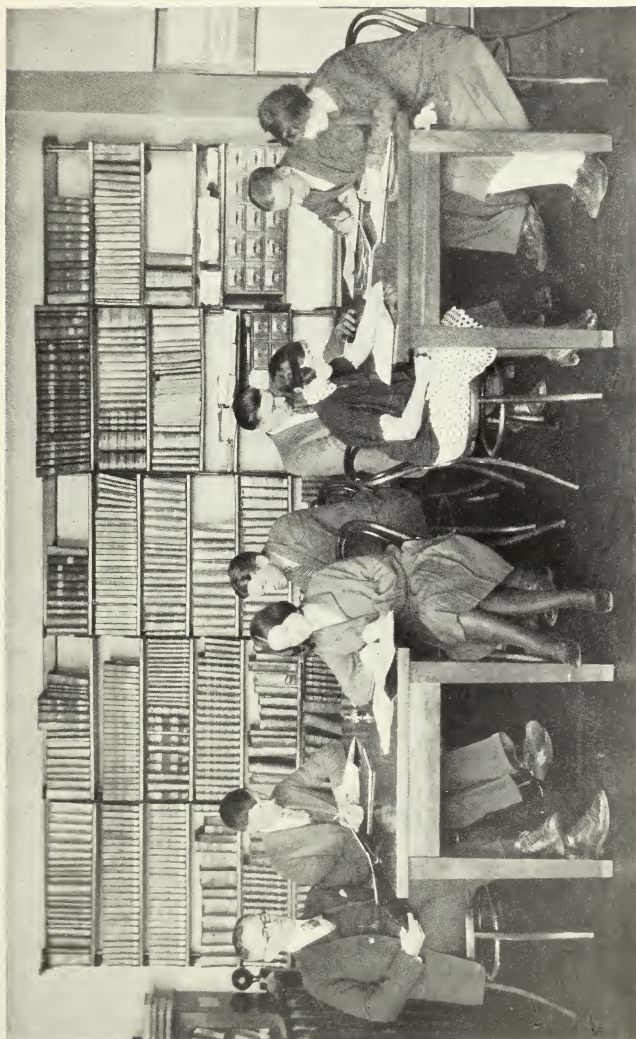

First Semester—The object of this set is to illustrate the application of the principles of accounting in a business conducted as a corporation, and give further practice in classifying accounts and recording transactions. The special features of this set in addition to corporation accounting are as follows: Accounts with selling expenses, Branch Store, accounts in connection with a manufacturing business, special ruling in all books of original entry, notes receivable book and notes payable book as books of original entry, cash journal, and many other scientific methods of recording transactions.

Accounting 54—The object of this set is to present the correct principles of cost accounting and the best practice in applying them.

Text: 20th Century Bookkeeping and Accounting, James W. Baker.

Credit—One unit, five periods each week.

Stenography 51 and 52—The development of phonetic writing as conceived by Gregg and worked out in his Manual. The Manual is supplemented by work in shorthand penmanship, and in the progressive exercises intended to increase finger dexterity and a thorough understanding and skillful application of the principles of shorthand. Transcribing on typewriter.

INTER-COLLEGIATE FORENSIC CONTESTANTS

Text: Manual of Shorthand, Gregg; Speed Studies, Gregg.

Credit—One unit, or 6 hours for the year.

Stenography 53 and 54—A careful review of the Gregg Manual, followed by progressive dictation taken from standard dictation texts and covering many types of business correspondence. The more advanced work includes consideration of English composition for business purposes. During the later part of the first semester it is expected to bring the student to a writing speed of approximately 120 words per minute, and to that end there is much dictation extending over a wide variety of material, *e. g.*, testimony, addresses, legal forms, sermons, syllabi, etc. Teaching methods are introduced and insofar as possible students are encouraged to increase their shorthand skill to verbatim speed. Transcribing constantly.

Text: Gregg Speed Studies and Gregg Speed Practice.

Credit—One unit, or 6 hours for the year.

Typewriters of several makes are furnished on which students are given instruction. No credit is given however, for typewriting except in connection with stenography.

Penmanship and Methods in Writing

This course is designed to enable students to improve their writing if it is manifestly illegible or in bad form. It is a required subject for those whose writing is distinctly poor. The Economy Method of Writing is taught. As a reward for faithful effort and as a testimonial of skill, a handsomely lithographed diploma is provided such students as complete the course in a satisfactory manner.

Credit—One and one-half hour. Miss Williams.

EDUCATION

MR. ASH, MISS SHAW AND MISS THOMPSON

Educational Psychology

51—Educational Psychology. (3 Hrs.). A fundamental course in the training of teachers. The psychology of learning and teaching.

Text: Gates, Psychology for Students of Education.

52—Psychology of Childhood. (3 Hrs.). The object is to give an understanding of the minds of children for scientific control in home and school. Open to students who have had or are taking Education 51.

Text: Norsworthy and Whitley, Psychology of Childhood.

53—Psychology of Exceptional Children. (2 Hrs.). Children above and below the average in mentality are studied from the standpoint of their school education. Our leading school systems make special provision for such children, and ambitious young teachers need special preparation for this work with "special classes", "special rooms", "ungraded rooms", "slow and fast moving groups", etc. This subject prepares for work in a school system where the curriculum is differentiated. Should

be preceded by Education 51 and accompanied or preceded by Education 52.

Text: Woodrow, Brightness and Dullness of Children and Terman, the Intelligence of School Children.

Educational Sociology

61—Educational Sociology. (3 Hrs.). Principles of the science of sociology are applied to methods in teaching, school management, the curriculum, school administration, etc. A foundation course dealing with the study of the school as an institution of society.

Text: Clow.

Educational Administration

71—Classroom Management. (2 Hrs.). Some topics are: The daily program, the course of study, attendance, school government, grading and promoting, records and reports, educational measurements, etc. Of special practical value to prospective town and city teachers.

Text: Sears.

72—Rural School Management. (2 Hrs.). This course is for those who expect to teach in the rural schools. It deals with practical problems in management of these schools, and the measurement of Educational Achievement.

Text: Wilkinson or Barnes.

73—State and County School Administration. (2 Hrs.). Of special value to those seeking rural supervisory positions. State, county, township, district systems, rural school survey, etc., are considered.

Text: Cubberly, State and County Educational Reorganization.

Educational Measurement

81—Educational Measurement. (2 Hrs.). This course trains in the use of mental tests in the schools. Members of the class will employ individual and group tests of general intelligence with children. The use of intelligence tests in grading, promoting, individualizing instruction, etc., will be studied. Intelligence tests are now used in our more progressive school systems, and this course aims to fit teachers for such systems. Should be preceded by Education 51, 52 and 53.

Text: Paulu, Diagnostic Testing and Remedial Teaching.

Philosophy of Education

82—History of Education. (2 Hrs.). Such topics as the education of the Greeks and Romans, education in the Middle Ages, the Renaissance in educational reformers and theorists, modern education among civilized nations.

Text: Duggan.

Theory and Practice of Teaching

91—Principles of Teaching. (3 Hrs.). In this course are studied the fundamental principles underlying modern methods in teaching. The application of these principles to the lesson assignment, recitation, drills, reviews, examinations, type lesson, etc., is the work of the course.

Text: Avent, Beginning Teaching.

92—Special Methods. (1½ and 2 Hrs.). Instruction is given through a number of courses, in the special methods applicable to the teaching of the fundamental and special elementary school subjects. Courses will be offered in methods in teaching, reading, arithmetic, geography, language, composition, art, literature, spelling, writing, history, civics, elementary science, agriculture, music, nature study, physiology, hygiene, etc. In some courses the special methods of two or more subjects will be offered in each semester. In the courses, subject matter of the elementary school subjects is reviewed, according to the needs of the classes.

93—Observation and Directed Teaching. This work is arranged in alternate bi-weekly periods of observation and of actual teaching under the supervision of the training teachers and the training supervisors. Conferences, daily reports and lesson plans are required. Credit, 2 hours. Offered Second Semester in the Junior year.

Open to students who have had Education 51 and 91. A total credit of six semester hours may be earned in courses in special methods according to the rule of the State Board of Education.

94—Observation and Directed Teaching. This is a continuation of 93 and is offered in the First Semester of the Senior Year. Credit 2 hours.

ENGLISH

MISS TURNER, MISS ARNOLD AND PRESIDENT WHITE

PREPARATORY COURSES

Rhetoric I, II.—Rhetoric is the basis for the work of this year. The work in rhetoric includes a study of the sentence, the paragraph and the theme. Special attention is paid to unity, coherence and emphasis. A study is made of the forms of discourse. Examples of each form are presented to the class, and the characteristic features of each are pointed out and discussed. Some attention is given to a study of versification and to figures of speech.

Two themes and at least one oral composition are required each week.

Much attention is paid to criticism of written work. The themes are read in class, and the members of the class as well as the teacher offer criticisms. Three long papers are required each semester, and at least three book reports are required for the year.

The following classics are studied and a part of the composition work

is based upon them. Silas Marner, Treasure Island, Macbeth, As You Like It, An Inland Voyage, Travels with a Donkey, and A Tale of Two Cities are read and are discussed in class.

Texts: Brooks' English Composition, Book II; Wooley's Handbook of Composition.

Credit—One unit. Miss Arnold.

American Literature I, II.—The basis for this year's work is American Literature. The chief aim is to develop in that student an appreciation of what is truly great in our literature and to stimulate his love for reading so that he will be constantly adding to his knowledge of literature after he leaves school.

Three periods each week are spent on the study of selected poems of Longfellow, Emerson, Bryant, Whittier, Lowell and Poe; Washington's Farewell Address, Webster's Bunker Hill Oration, Emerson's Essays and Poe's Tales. Franklin's autobiography and Irving's Tales of a Traveler are read in class.

One period is spent each week in the study of Halleck's American Literature.

One theme a week is required and one recitation period is devoted to a study of the principles of composition, special attention being paid to description and narration. At least two long papers are written by the student each semester. Written and oral reports of assigned reading are frequently made.

Credit—One unit. Miss Turner.

English Literature I, II.—The text for the work of this year is Halleck's English Literature. The same period of time is spent on the text books and on composition as in the preceding year's work. Special attention is paid to exposition and argumentation.

Three periods a week are spent in the study of the following classics: Chaucer's Prologue, Shakespeare's Merchant of Venice and The Tempest, Milton's Minor Poems and Paradise Lost (Books I and II), Carlyle's Essay on Burns, Coleridge's Ancient Mariner, Tennyson's Idylls of the King (four), Selections from Wordsworth and Browning, and Selections from Child's Translations of Beowulf and Spenser's Faerie Queene are read in class.

Credit—One unit. Miss Turner.

COLLEGIATE COURSES

English 51 and 52—Advanced Rhetoric. A close study is made of the forms of discourse by means of analysis of specimens and practice in writing. Three themes a week and four papers are required of each student.

Texts: Greever and Jones' Century Collegiate Handbook and Greenough and Hershey's English Composition.

Credit—Three hours each semester. Miss Turner.

MEN'S BASKETBALL TEAM

English 53 and 54—General Survey of English Literature. These courses together with English 51 and 52 are designed to meet the usual requirements for Freshman College work.

Texts: Century Readings—Cunliffe, Pyre and Young, and History of English Literature.—Neilson and Thorndike.

Credit—Two hours each semester.

English 55—Teaching of Reading.

English 56—Teaching of Language. Careful attention is given to methods of teaching grammar and composition in the grades. The members of the class are required to make out lesson plans and to present model lessons.

Credit—Two hours. Miss Turner.

Text: Klapper's The Teaching of English.

57—Children's Literature. The aim of this course is to acquaint students with literature that is suitable for children in the grades. A study is made of typical specimens of literature. Practice teaching is an important part of the course. The children in the various grades are made acquainted with literature through story telling and the dramatizing of single classics.

Text: Curry and Clippinger's Children's Literature.

Credit—Two hours. Miss Turner.

58—The Age of Wordsworth. In this course a study is made of the principal works of William Wordsworth and of contemporary poets. The work consists of reading, reference work, reports and discussions.

Text: Page, British Poets of the Nineteenth Century—Part I.

Credit—Three hours. Miss Turner.

59—Victorian Poetry. In this course a study is made of the important poets of the period, special attention being given to the works of the two great interpreters of the tendencies of the Victorian Age, Browning and Tennyson.

Text: Page's British Poets of the Nineteenth Century—Part II.

Credit—Three hours. Miss Turner.

60—American Poetry. In this course the most important poems of Bryant, Emerson, Poe, Whittier, Longfellow, Holmes, Lowell, Whitman and Lanier are studied. Parallel readings, reference work and reports are required.

Text: Page's The Chief American Poets.

Credit—Two hours. Miss Turner.

61—Contemporary Poetry. This course will include the latest poetry of both English and American poets. Credit—2 hours.

Text: Contemporary Poetry—Wilkinson.

62—Shakespeare. In this course four of Shakespeare's Tragedies are studied closely and critically, and a number of others are read.

Credit—Three hours. President White.

63—West Virginia Literature. The aim in this course is to acquaint students with the literature of their own State. The work consists of assigned readings, reports, class discussions and informal lectures.

Text: Turner's Stories and Verse of West Virginia.

Credit—Two hours. Miss Turner.

64—Argumentation and Debate. A thorough course in the fundamental principles of logic, expression and delivery. Practical work in Forensics is afforded by the State Intercollegiate Association. Mr. Ash.

Credit—Two hours.

65—Journalism. A course in news gathering and writing, with laboratory practice on the college paper. Dean Kenamond.

Credit—Two hours.

66—The American Short Story. This course will trace the development of the American short story as a literary form.

Text: Jessup's Representative American Short Stories.

Credit—3 hours. Offered in alternate years.

FRENCH

MISS TROTTER AND PRESIDENT WHITE

French 51—Elementary French. Fraser and Squair's Briefer Course, Aldrich and Fester's, A French Reader. Composition. Sight reading. Simple conversation.

French 52—Continuation of 51. Irregular verbs begun. Text completed. Correspondence with French students in France is maintained.

Credit—Ten hours for the year. President White.

French 53 and 54—During the second year, a large number of books are read. Colomba, works of Daudet, Dumas, Andre, Theuriet, etc., are taken up and completed. *Le Petit Journal* comes to the school and is read by the class.

Credit—Ten hours for the year. Miss Trotter.

GEOGRAPHY

MISS TROTTER AND MR. NEWCOME

I. Physical Geography—In some measure this subject is informational, but the aim is to make the student more appreciative of the part geographical conditions have to do with the growth, development, characteristics, habits, and manner of life of the human family. By observations, references and study of concrete cases is this idea developed.

Text: Gilbert and Brigham's Physical Geography.

Credit—One-half unit. Mr. Newcome.

Geology II—This course follows Physical Geography, but it is open to all secondary students. It deals with the physical features of the earth and the solar system. The student comes into a knowledge of the

systematic structure and of the history of the different formations found within the earth. Part of the time is spent in studying fossils and their relation to the present day plants and animals.

Text: Blackwelder and Barrows.

Credit—One-half unit. Mr. Newcome.

51. Home Geography—A study of the geography of West Virginia. Shawkey's "West Virginia" is used together with library assignments and outside reading.

Credit—Three hours. Miss Trotter.

52. Business Geography—A study of world commerce from a geographic standpoint.

Text: Huntington and Cushing.

Credit—Two or three hours. Miss Trotter.

53. Human Geography—A study of geographical conditions and the effect of environment upon human society.

Text: Huntington and Cushing.

Credit—Two or three hours. Miss Trotter.

54. Teaching of Geography—A course in the aims, scope, methods, materials and tests in Geography for the Grades.

Text: Branon.

Credit—One hour. Miss Trotter.

PREPARATORY COURSES

History I. Ancient and Mediaeval History—This course is introduced by a brief study of Eastern nations, special attention being given to their origin, their growth and development, and their contributions to civilization.

In connection with the history of Greece, her debt to the Eastern nations and her political history are studied. Emphasis is placed on her gifts in the fields of art, literature, philosophy, etc.

The Hellenists period serves as a stepping stone to Roman history. Stress is laid upon Rome's contribution to the world in politics and legal science. The text is Webster's Early European History.

Credit—One-half unit.

History III. Modern History—The course in modern history is a continuation of the mediaeval history from the death of Louis XIV to the present time. The work centers around the Protestant Revolution, the French Revolution, the Industrial Revolution, the unification of Germany and Italy, the World War. The aim is to give the best understanding of the world politics of today.

Text: Ashley's Modern European Civilization.

Credit—One-half unit.

History IV. History of England—This course will trace the history of England from the earliest time to the present, emphasizing chiefly

the beginning of the representative government, the growth and decline of Feudalism, the rise of the Commons and the transition from arbitrary to constitutional monarchy.

Text: Thomas.

Credit—One-half unit.

History V. American History—American History is studied from the earliest explorations and settlements up to the present time. The aim of this course, taking up as it does a study of the growth and development of the nation and government, is to make patriotic citizens.

Text: Muzzey.

Credit—One unit.

History VI. Civics and Citizenship—The two subjects history and civil government, are studied in close connection with each other. The aim is to enlist the interests of the student in social welfare, to point out the intimate relation between civics and life, and make good citizens.

Text: Ashley's New Civics.

Credit—One-half unit.

COLLEGIATE COURSES

History 51. American History to 1865—The purpose will be to trace the colonial life, the growth in popular government, the struggle for independence, the Constitution, and the national life to 1865. Text: Bassett.

Credit—Three hours.

History 52. Later American History—This course will show the advancement in the social and economic life of the people of the United States since 1865 and their advancement in democracy; and the growth of the United States as a world power. Text: Bassett.

Credit—Three hours.

History 53. History of England to the Tudors—The beginning of liberty for the English peoples, and the economic, social, and political life will be emphasized in this course. Text: Cross.

Credit—Three hours.

History 54. History of England from the Tudors to the Present Time—This course will trace the development of the British Empire, the constitutional growth and the social and economic advancement up to the present time. Text: Cross.

Credit—Three hours.

Economic 55. College Economics—A course on the great principles which govern consumption, production, distribution and exchange of wealth.

Text: Faubel.

Credit—Two hours.

Sociology 56. General Sociology—An introduction to the study of social life, its origin, evolution and organization. Offered even years.

Credit—Three hours.

Sociology 57. Rural Sociology—An introductory course for understanding and control of rural conditions in this and other States. The relation of the rural school to rural life is studied. Text: Gillette.

Credit—Three hours.

History 58. Current History—The purpose will be to make the student acquainted with history in the making. Offered odd years.

Credit—Two hours.

History 59—The Teaching of History.

History 60. History of West Virginia—A course showing the birth and development of the State along the great activities of life and the position West Virginia occupies in this nation of states.

Credit—Two hours.

History 61. Early European History to 1815—Covering a resume of the closing days of the Roman Empire, the German migrations, the great movements of the middle period to the Peace of Utrecht, 1713.

Text: Robinson's History of Western Europe, Volume I.

Credit—Three hours.

History 62. Later European History Since 1815—Tracing the course of European History from the time of Louis XIV to the present time.

Text: Robinson's History of Western Europe, Volume II.

Credit—Three hours.

History 63. Ancient Times—Will be a view of early mankind in Europe, Orient, Greece, Rome, and the triumph of the Barbarians.

Text: Breasted Ancient Times.

Credit—Three hours.

A History of the Early World.

History 64. The American Government—A study of the American Government in the practical operations. Open to freshmen.

Credit—Two or three hours.

Text: Haskins.

History 66. History of the Canadian Dominion—A course showing the relation between the United States and her northern sister. Canada's struggle for independence, her development socially, economically and politically. Text: Monro, Skelton and Wrong.

Credit—Two hours.

History 77. History of the Republic of Latin America—This course will show how these States secured their independence, their growth and development, and their dependence upon and their relation with other countries.

Credit—Three hours.

History 78. Bible History—The purpose of the course is to make an historical study of the Bible as it is related to ancient history.

Text: Blaikie.

Credit—Two hours.

HOME ECONOMICS

MABEL M. HALL

51. Clothing—The subject matter of this course is designed to cover the general problems under the selection of clothing from the standpoints of design, economy and hygiene. It includes a study of the fundamental processes of clothing construction in cotton textiles; the study of the sewing machine—its use and care; the care and repair of clothing; and an analysis of the clothing budget for the college girl.

The garment construction includes a cooking apron and undergarments. Students provide materials subject to the approval of the instructor. An account is kept of the exact cost of each article made. Comparisons are made between "ready made" garments and those made in class as to cost, quality and workmanship. Three hours or one-half unit.

52. Clothing—A continuation of Clothing 51. It includes a study of design of the costume; the use and alteration of commercial patterns; a study of cotton textiles—their sources, costs, and uses in the construction of garments, with tests for wearing and adulteration.

The garment construction consists of: A light cotton, or linen dress; a tailored garment (blouse or dress) and a child's dress.

Credit—Three hours or one-half unit.

51. Foods—A study of the fundamentals of human nutrition. The principles of cookery, with the study of foods as to their source, manufacture, composition, and food value. The laboratory work is on the meal planning basis. A study of each of the family meals is made, following which practise is given in meal planning and table service by the planning, cooking and serving of these meals in the laboratory dining room.

Credit—Three hours or one-half unit.

52. Foods—A continuation of Foods 51 with further practise in food selection, marketing, and planning of meals.

Credit—Three hours or one-half unit.

53. Advanced Clothing—A more complete study of costume design with practise in principles in the designing of garments which are constructed in this course. A paper dress form is made for each girl. A study is made of woolen textiles—their manufactures, cost, recognition, uses in garments, and tests for quality.

The garment construction consists of a renovation or made-over problem in wool, and a woolen school dress.

Credit—Two or three hours.

54. Advanced Clothing—Further application of the principles of costume design in garments constructed in laboratory. A more complete study of the buying of textiles and clothing. A survey of legislation concerning textiles. A study of silk textiles as given above for wool.

The construction consists of a silk afternoon dress and a silk evening dress.

Credit—Two or three hours.

53. Foods—A more advanced study in human nutrition and dietetics. The study of the diet in abnormal conditions. Emphasis is given to dietaries for school children, including a study of the hot school lunch project. Food preservaten, including canning, jelly-making, pickling, etc. Food marketing, with laboratory problems.

Credit—Two or three hours.

54. Foods—Advanced cookery problems, with the planning and serving of meals for special occasions. Continuation of food marketing.

Credit—Two or three hours.

55. Child Care and Training—The physical care and training of the infant and pre-school child; habit formation and mental hygiene; the common dangers to child health; an analysis of the rights of a child to be well-born; a study of the agencies working in the interests of childhood and their contribution.

Credit—Three hours.

56. Household Management—A study of homemaking as a profession, with a study of the elements of successful homemaking. Studies in the conservation of time and energy. The use of labor saving equipment. The wise use of the family income through the budget system. The responsibilities of the homemaker to her family and to the community.

Credit—Three hours.

57. Home Economics for the Elementary School Teacher—The subject matter of this course deals with specific problems of the elementary school child. It includes a study of the nutrition program in the grades; food selection from the standpoint of teaching; the hot school lunch project; standards in the selection and purchase of suitable and artistic clothing; the hygiene and care of clothing; and the contribution of the school to the home in the securing of worthy home membership. This latter includes a study of home projects.

Credit—Three hours.

LATIN

MISS TROTTER

The study of Latin gives the student greater insight into language structure and thus enables him to be more proficient as a teacher of English Grammar in the elementary school course. Careful attention is given to pronunciation, English derivation and grammatical construction, constant comparisons being made with English grammar.

Latin I, II—Scott's Elementary Latin and fourteen chapters of Cesar.
Credit—One unit or 6 hours for the year.

Latin III, IV—Four books from Cesar's Gallic War. Composition based on the text throughout the year.

Credit—One unit or 6 hours for the year.

Latin 51 and 52—Cicero, the four orations against Catiline, and the oration for Archias.

Credit—Eight hours for the year.

Latin 53 and 54—Six books of Virgil's Aeneid, with history, mythology and scansion.

MATHEMATICS

DEAN KENAMOND, MISS TROTTER AND MISS ARNOLD

PREPARATORY COURSES

Algebra I—Fundamental operations with letter and number expressions; positive and negative quantities; polynomials; simple fractions; literal equations and their uses; graphic representation; and simultaneous equations.

II—Type products, quotients and factors; equations solved by factoring; square roots and radicals; quadratic equations, ratio; variation and proportion; and equations involving fractions.

Text: Slaught and Lemes, *First Principles of Algebra*.

Credit—One unit for the year. Miss Arnold.

III—Review and advanced work on topics of first year; logarithms, maginary and complex numbers, variations, series.

Credit—One-half unit.

Plane Geometry—Rectilinear figures, circles, measurement of angles of circle, construction of circles.

I and II—Theory of proportion, similar polygons, scale drawing, areas of polygons, regular polygons, measurements of the circle.

Text: Wells and Hart.

Credit—One unit for the year. Mr. Kenamond.

High School Arithmetic—A practical course designed to meet the high school requirement for Short and Normal Courses.

Text: Wells and Hart.

Credit—One-half unit.

COLLEGE COURSES

Math. 51. Solid Geometry—Practical examples and original exercises throughout the course.

Credit—Three hours. Miss Trotter.

Math. 52. Trigonometry—The practical value of Trigonometry is very great, since it is essential to the work of surveying, astronomy and, indeed, to all sciences which depend upon mathematical demonstrations. Trigonometry treats of the relations of lines and angles by algebraic methods.

Credit—Three hours. Miss Trotter.

Math. 53. Advanced Algebra. Credit—Three hours. Miss Trotter.

Math. 54. Teaching of Arithmetic—Aims and types of arithmetic teaching; review of difficult topics; organization and adaption of West

GIRLS' BASKETBALL TEAM

Virginia course of study; methods of motivation; development lessons; drill lessons; relation between accuracy and speed; measuring results.

Credit—Two hours. Mr. Kenamond.

MUSIC

MISS McCORD

The Department of Music offers instruction in piano, voice, harmony and history of music. Credit not to exceed two units will be allowed on Secondary Course and not to exceed 4 hours on the Normal Course.

Candidates for the diploma in piano must have completed Cooke's Musical History and three courses in Harmony and one course in ear training in addition to the following thorough foundation in technique, studies, etc., and must have completed at least three units of English and one of French.

Piano I—Studies by Heller, Czerny, Cramer and Mendelssohn; Bach's Two-part Inventions, concertos and sonatas by Mozart, Schubert and Haydn.

Piano II—Bach's Three-part Inventions, Hanon and Cramer studies; pieces by Brahms, Chopin, Mozowski and MacDowell, adapted to the needs of the pupils.

Piano III—Beethoven Sonatas, concerts by Mendelssohn, Book II, Haydn and pieces by Brahms, Raff, Rubenstein and Tschaiikowsky.

Piano IV—Chopin's Polonaises, Greig's Holberg Suite, Bach's Preludes and Fugues and selections from Wagner, Schumann and Liszt. One concerto to be memorized.

This course is used as a basis, but ambitious students may finish the course in less than four years, depending upon the time spent at work and upon the talent of the individual.

Public recitals and concerts are given frequently, which develop confidence in playing in public. Studio recitals are given by the pupils who are not so far advanced.

Voice

It is the aim of the Voice Department of Shepherd College to put vocal education on the same progressive, scientific and dignified level as the other arts; to do away with that too familiar type of singing lesson in which the pupil's effort is expended in unreasoning imitation of the teacher; and to give to our students, provided they possess sufficient musical sense and general culture, a knowledge and appreciation of correct and beautiful singing.

Voice I—Study of the fundamental principles of physiology and psychology which govern voice production: Detailed study of English diction; standard vocalises and studies; simple English songs.

Voice II—Technique of course I continued; vocalises and studies continued; more difficult songs including German, French or Italian songs.

Voice III—Advanced technique; public performance of classical and modern songs; self-prepared English song.

Voice IV—Technique continued; arias from an Oratorios, German, French and Italian songs; public recital.

Advanced Voice—Program building; arias from Operas and Oratorios; songs, classic and modern.

Sight Singing

Singing of Rote Songs. Methods applying especially to Primary Grades. Rudiments of Music, including a study of notation and terminology of music. Construction of major and minor scales. Study of various rhythmic forms. Use of signs, words, abbreviations.

Singing of Rote and Art Songs. Sight-singing, ear training, part singing, intervals. Methods of teaching music in Grammar and Intermediate Grades. Special attention to treatment of Monotones. Chorus work.

Sight-singing and Chorus work continued. Melodic and Rhythmic Diction. Study of Master Musicians and Masterpieces. Appreciation of Music by the use of the piano and victrola. Credit 2 or 3 hours.

The Girls' Glee Club and Mixed Chorus offer excellent opportunity in vocal drill. These organizations assist in the concerts.

Tuition in piano, 75 cents a lesson. There are four practice pianos for free use of music students. Knabe and Haines Brothers pianos are used exclusively in this institution.

An excellent orchestra affords an opportunity for the development of talent in instrumental music.

Candidates for a certificate in Voice must have completed 3 years of work. Two units of English and one of French are required for this certificate.

PHYSICAL EDUCATION AND HEALTH

MISS WEVER

For the Standard Normal Course, three semester hours are permitted in Physical Education and two hours in Health and Hygiene. Credit for Physical Education courses is as follows:

First Year—Three periods a week.

Credit—One hour each semester.

Second Year. Two periods a week for one semester.

Credit—One hour.

Five hours additional are required for the Course for High School Teaching.

Health and Hygiene—A course in personal hygiene and in sanitation for school and community.

Text: Terman.

Credit—Two hours.

Note:—A physical examination is required for entrance to all physical education courses.

Physical Education 51—A foundation course in the principles of Physical Education including formal and informal gymnastics and posture training.

Physical Education 52—Methods of teaching games, marching, formal gymnastics and folk dancing.

Games for Children 53—A course in games, suitable for playground, schoolroom, home and gymnasium.

Folk Games 54—Folk dances and games of the different nations.

PUBLIC SPEAKING

MRS. WHITE

This course does not consist merely of a lot of exercises and rules of elocution, but principles and laws of expression applied to conversation recitations; the pupil is led to recognize these whenever he meets them in speech and on the printed page. This makes it all interesting study and is of great assistance in other studies. An excellent opportunity of appearing before an audience is afforded in the weekly meetings of the literary societies, while public recitals are held by the department whenever practicable.

Credit—One and one-half hours. Tuition for individual instruction, is 50 cents a lesson of 50 minutes.

SCIENCE

DEAN KENAMOND, DR. REESE AND MR. NEWCOME

Biology I and II—Through the study of plants, the lower forms of animal life and then human life, the student comes into a proper appreciation of the relations of all living things to each other. Laboratory work is emphasized, field work done and note books kept neatly and accurately. Microscopic work and work with hand lenses is a large part of the course.

Text: Hunter's Civic Biology.

Credit—One-half unit each semester. Mr. Newcome.

COLLEGIATE COURSES

Chemistry 51—Three recitation periods and two-two-hour laboratory periods each week. The text used is Newell's College Chemistry.

Credit—Four hours. Dean Kenamond.

Chemistry 52—A continuation of Chemistry 51.

Credit—Four hours.

Physics 51—Three recitation periods and one two-hour laboratory period a week.

Text: Stewart.

Credit—Four hours. Dean Kenamond.

Physics 52—Continuation of Physics 51.

Credit—Four hours.

General Zoology 51 and 52—A study of the general subject, taking up both the vertebrate and invertebrate animals.

Text: Hegner's College Zoology.

Credit—Three hours each semester. Dr. Reese.

Biological Nature Study 53—A study of animals of pond and stream, insects and insect allies, birds, animal companions, wayside flowers, common trees, seeds and seedlings, the garden, and spore bearers. For normal course students preparing to teach in the lower grades and for those who offer no biology from high school. A total of 72 class meetings.

Text: Downing's Our Living World.

Credit—Three hours. Dr. Reese.

Physical Nature Study 54—A study of stars and constellations, soil rocks, ores, limestone, coal, buoyancy of air, hydraulics, wind and water power, heat, applications of steam and gasoline, magnetism and electricity, light and optics, sound, and mechanics. For normal course students preparing to teach in the upper grades and for others offering no physics from high school. A total of 72 class meetings.

Text: Downing's Our Physical World.

Credit—Three hours. Mr. Kenamond.

Principles of Biology 55—A coherent set of principles of first practical importance to the layman and suitable for presentation to the ordinary freshman.

Text: Burlingame and others.

Credit—Three hours. Dr. Reese.

General Botany 51 and 52—A study of the general subject with emphasis upon the physiology and morphology of plants and some work on the systematic.

Text: Smith and others.

Credit—Three hours each semester. Dr. Reese.

ALUMNI RECORD

OFFICERS OF THE ALUMNI ASSOCIATION 1927-28

President.....	Marion Billmyer Byron, '15
Vice-President.....	Nellie Staley Tabler, '10.
Recording Secretary.....	Lucy Schoppert, '87.
Corresponding Secretary.....	Mary Donley, '11.
Treasurer.....	S. J. Hodges, '93.

This association now numbers 1411 members. It holds regular exercises and a banquet each year, one day of commencement week.

It is the desire of the President to know the permanent address of each and every graduate of this school, for insertion in the catalogue. Any change in residence or occupation, if made known, will be corrected as soon as attention is called to it.

1874

Ida M. Billmyer, Mrs. Frank Hill. Died August 29, 1916.
 Belle Byers, M. E. L., Mrs. James W. Bane. Deceased.
 Rosa Lee Cockrell, principal, Bakertown.
 Ida V. Chapline, Mrs. James H. Rogers, Purgittsville, W. Va.
 Annie E. Fawcett, M. E. L., Mrs. Adam Colbert. Died January 26, 1900.
